CAPACITY

Cleantech Tour

Denmark - Sweden April 28th

Meet the Scandinavian cleantech community in its own back yard!

From the picturesque canals of Copenhagen to the striking *House of Architects*, across the impressive *Öresund bridge* to architectural landmark *Turning Torso* with a stunning view of the region. Join us for a relaxing day ahead of the Cleantech Forum XXII opening reception.

Programme:

- | | |
|-------|---|
| 10.30 | Meet at SAS Radisson Hotel. |
| 10.45 | Departure by bus from SAS Radisson Hotel. |
| 11.15 | Canal tour, beginning in Nyhavn. The tour will start with some sightseeing from the canal boat while we pass by the Royal Palace, the Opera, and the Little Mermaid. |
| 11.45 | The boat arrives at Christanshavns Torv. The group walks from there to Arkitekternes hus (the House of Architects). |
| 12.15 | Arriving at the House of Architects (Strandgade 27A,) participants will enjoy refreshment and snack while CEO Steen Donner gives a talk about the official inward investment agency Copenhagen Capacity and the construction of a cleantech cluster in the Region of Zealand. |
| 12.30 | Discussions continue as 3XN architects elaborate on sustainable buildings and design, fundamental to the Danish stronghold in uniting functionality, visual experience and energy supply in energy efficient buildings. |

- Interact with an international group of participants on a bus-tour across the Öresund region.
- View a select number of cleantech sites, meet with innovation companies, and enjoy tourist attractions.
- The tour can only take 50 people; registrations will be accepted on a 'first come, first served' basis.
- The Tour is free of charge and open to all registrants of Cleantech Forum XXII.
- Network with cleantech leaders and gain industry insights, as well as the enjoyment of visiting some of the best known sites of this beautiful region.

- 13.00 Jacob A. Andersen, CEO of BIOBIQ, will present his start-up company that has developed, in collaboration with research centre Risø DTU, a plastic like material made of natural fibers and a biodegradable plastic material. The participants will see a few pieces of the first prototypes of furniture.
- 13.30 Bus trip to Malmö, crossing the Öresund Bridge and enjoying the view of the world's 3rd largest offshore wind farm.
- 14.00 Lunch will be held in the Turning Torso – EU's tallest residential building designed by Spanish architect Santiago Calatrava.
- Lunch presentations include:
- Malmö Cleantech City, Illmar Repalu, Chairman of the Malmö City Executive Board.
- Hans Otterling, Northzone Ventures, Sweden's most active cleantech investor in 2008, on Scandinavia – a hotbed of cleantech innovation and growth.
- Henrik Frijs, Invest in Skåne, The South Swedish Cleantech landscape.
- Helena Tillborg, Sweden Cleantech Incubators, presents investment opportunities including 16 cleantech companies from Sweden Cleantech Incubators.
- 15.30 Guided tour with coffee stop, in the Malmö area Western Harbor – City of Tomorrow. This is an internationally renowned and award-winning area with unique environmental solutions, for example a carbon-neutral energy system with 100% locally produced renewable energy.
- 16.30 Departure from Malmö - Passing by city area Augustenborg - Europe's largest integrated solar installation and SYSAV, the waste handling facility with sorting, handling and energy from waste generation.
- 17.00 Arrival at SAS Radisson Hotel.
